

# Easter Bunny Parade – Route for Friday, April 10th.

We will be leaving the firehouse at 5:30 pm. If you live on the area of the map that is highlighted the parade will be going past your house. We will follow this map unless there is some reason that we can not get down that road due to bottle necking, etc.

Tomorrow night please help us by making sure that any vehicles are removed from the parade route to ensure that we are able to safely maneuver the streets. If you would like to view a hard copy of the map they will be posted at Casey's and Dollar General this evening.

Be Safe! Remember that when watching to practice social distancing, and also when the parade is coming by to stay at a safe distance away from all moving vehicles.
